## Chrome-plated flexometer 5m / 500125BL

Brand

Bellota

EAN code

8414299618280

Use

For measuring jobs.

### Bullet points

Accurate measuring. Easy to use. Comfortable and safe handling and holding thanks to its ergonomic design and belt clip. Resistant to breakage and shocks. The housing is made of chromed plastic with high impact absorption. 25 mm wide steel tape, highly resistant to twisting, with reinforced tip and matte varnish for easy reading.

### Description

Chrome-plated flexometer with 25 mm wide band, made of special steel, long-lasting and resistant, no twisting. Tape protection with nylon for longer lifespan and easy reading. Hook fastening with 3 rivets and upper and lower claw to use the flexometer on both sides. Chrome-plated housing with compact design adapted to the hand. Provided with clip for belt attachment, lower locking button to facilitate measuring work and full locking button. For measuring work.
