## Industrial Wheel Brush Hardened Steel Braided Wire / 50811-175

Brand

Bellota

EAN code

8414299374162

Use

Industrial brush for fixed bench abraders. Brush, clean and remove paint, varnish, scale, rust and small burr.

Bullet points

Cleaning will no longer be a pain with your braided and hardened steel industrial wheel brush for heavy duty cleaning work. Keep welding scale, rust, coatings and paints away to keep everything clean. For use on stationary bench grinders. Perfect finish. For a professional work with the best results. With multishaft adapters.

Description

Industrial wheel brush made of hardened steel braided wire, with high wear-resistance and excellent performance. For use on stationary bench grinders. With multishaft adapters. For heavy duty works of removing welding scale, cleaning rust from metal surfaces, removing paints and coatings and treating surfaces such as wood and stone. Specially designed to clean without damaging the surface with less noise and spark than an abrasive tool.

### Characteristics and attributes

---

Attributes
