Industrial Conic Brush Brass Coated Steel Corrugated Wire / 50815-1002

Brand

Bellota

EAN code

8414299374568

Use

Industrial brush for mini-grinders. Recommended for use on large metal surfaces to brush, clean and remove paint, varnish, scale, rust and small burr.

Bullet points

Cleaning will no longer be a pain with your 0.3 mm diameter corrugated brass coated steel industrial conical brush for high speed drills. Up to 12,500 rpm.

Keep welding scale, rust, coatings and paints away to keep everything clean. For mini grinders, M14.

Perfect finish. For a professional work with the best results.

Description

Industrial conical brush for hight speed drills, made of 0.3mm-thick brass coated steel corrugated wire, with high wear-resistance and excellent performance. M14 screw thread for angle grinders and mini grinders up to 12,500 rpm. For removing welding scale, cleaning rust from metal surfaces, removing paints and coatings and treating surfaces such as wood and stone.
