Product reference

6455-P3

3 foldable sets of 8 Allen and Torx Wrenches / 6455-P3

Brand

Bellota

EAN code

8414299618815

Use

For professional use cleaning jobs. Very high absorption capacity and resistance.

Bullet points

Unbreakable. Pack of 3 folding Allen and Torx keys, forged in a single piece of chrome vanadium steel.

Perfect round head finish. Chamfered design helps the key fit into the screw.

Loosen or tighten screws easily. 50 strength on the Rockwell scale.

Description

3 foldable set: Allen in mm, Allen in inches and Torx wrenches made of chrome vanadium steel with high resistance and dimensional accuracy. Hardened and tempered heat treatment for longer lifespan and with 50 Hrc hardness. Chamfered edges to make it easier to insert the key into the Allen/Torx screws. Blued finish for a higher rust resistance. Tightening torque 30% higher than standard. Measures are given in mm: 1,5-2-2,5-3-4-5-6 and 8, in inches: 5/64-3/32-7/64-1/8-9/64-5/32-3/16-7/32 and 1/4, in Torx: T9-T10-T15-T20-T25-T27-T30 and T40. For jobs involving tightening and removing Allen or Torx screws. Folding format for improved transport, storage and versatility.
