901-3A

## Manure Fork / 901-3A

Brand

Bellota

EAN code

8414299156133

Use

Collects hay and manure and handles bales with ease thanks to the sharpened prongs, tempered along their entire length.

Bullet points

Unbreakable. Three-pronged fork with special width for greater working width. It is forged in one single piece and made of Bellota special steel. Heat-treated. It will last a lifetime, does not break, does not deform and does not wear out. The prongs are sharp to hold the bales well and hardened along their entire length to better withstand the weight. They are painted to prevent rust and facilitate maintenance.

Handling bales will be easier. Help yourself with the soft touch PEFC ash wood handle, you can choose among long, T or D handle.

Description

Three-prong fork made of special steel and forged in one single piece for collecting hay, manure and handling bales. With special width between teeth for greater working width. The prongs are sharp and hardened along their entire length. Painted with special paint to prevent rust.
