

FOR AGRICULTURE / SOIL PREPARATION / Forks /
Manure fork

Product reference

901-3B

Manure Fork / 901-3B

Brand

Bellota

EAN code

8414299156140

Use

Handles bales with ease thanks to the sharpened prongs, tempered along their entire length.

Bullet points

Unbreakable. Three-prong fork with an additional one for holding bales better. It is forged in one single piece and made of Bellota special steel. Heat-treated. It will last a lifetime, does not break, does not deform and does not wear out. The prongs are sharp to hold the bales well and hardened along their entire length to better withstand the weight. They are painted to prevent rust and facilitate maintenance.

Handling bales will be easier. Help yourself with the soft touch PEFC ash wood handle, you can choose among long, T or D handle.

Description

Three-prong fork made of special steel and forged in one single piece for collecting hay and manure. With an additional prong for holding bales. The prongs are sharp and hardened along their entire length. Painted with special paint to prevent rust.
