

FOR CONSTRUCTION / MASONRY / BUCKETS /  
Plastic buckets

Product reference

BKT42BP

42 litres black plastic bucket  
with reinforced handles /  
BKT42BP

Brand

Bellota

EAN code

8414299676730

Use

To carry around rubble, waste, water, sand and cement in the  
agricultural and construction sectors.

Bullet points

Made of top quality 100% recycled Polyethylene. Durable, stable, easy to clean and with high thermal and chemical resistance.

Impact resistant: Very flexible and lightweight, which makes it easier to carry around materials  
and rubble in them.

The inside and the handles have been reinforced so that they  
do not break or crack.

Description

Black polyethylene bucket with  
reinforced handle.
