P4587-13

## Pro Line Pole with Japanese Teeth Curved Pruning Saw / P4587-13

Brand

Bellota

EAN code

8414299582758

Use

Pruning at heights of woody plants, plants and ornamental trees.

Bullet points

For greater ease and clean cuts. Japanese serrated tree saw with triple edged teeth.

There'll be no branch you can't cut. Special double heat treatment steel. Completely tempered on the blade and extra-hard tempering on the teeth.

Remains firm, with no give, in each position. Extendable from 2.2 m to 3.2 m and 8 locking point latches.

Description

Japanese curved toothed saw with extendable pole P458014
